

The Creative Learning Journey

.....every child matters

The Creative Learning Journey has been fully updated to meet the requirements of the new National Curriculum for 2014

We could all do with a bit of good news to kick-start the New Year, so I'm delighted to let you know that the Creative Learning Journey is ready to support your school as it faces the demands of the 2014 National Curriculum.

Our development team – headed up by a former Head Teacher – has been busy updating the Creative Learning Journey, converting the new curriculum into straightforward Learning Outcomes for pupils from Reception to Year 6. Our **fully revised** online resources will be live by the end of January, with the existing CLJ also remaining online for all subscribing schools.

The CLJ continues to feature all the elements you have come to rely on:

- The flexibility to create topic-based schemes of work that feature the Learning Outcomes pupils need
- The ability to import these activities into your daily, weekly and termly plans
- The power to track progress and coverage of individuals, classes and groups using a 'traffic light' system
- The facility to track National Curriculum coverage

And, with the NEW version, there's even greater flexibility:

- The convenience of having the new documentation already translated into simple Learning Outcomes to make planning and assessment even easier
- The ability to reverse the process by selecting the NC statements you want to cover and have the Learning Outcomes automatically selected
- The ability to choose which areas of learning to include in your topic – from just 1 to all 7

With the CLJ, your primary school can tailor-make a cohesive curriculum that enriches learning, meets the needs of your particular pupil profile and fulfils the government's requirements. Proven to raise standards by ensuring pupil progression, the CLJ simplifies planning for teaching staff, including those with children of mixed ages and/or abilities and those with pupils working to P scales. As before, teachers also have access to the CLJ library, which contains thousands of topic wheels created by fellow professionals. In addition, the CLJ continues to cover PSHE and RE – keeping the previous guidance as a basis for schools to build upon.

If you have any specific questions, please do not hesitate to call me on 01634 716222. Along with the whole CLJ team, I look forward to continuing to support your school with the Creative Learning Journey in 2014.

Yours sincerely

Des Harris
